OTHER COMMENTS*****

This application will be in addition to the 100 acres and 200 ELUs that proof has been filed on for Water Right Number 18-733. The domestic use filed for under 18-733 has not yet been built, so it is anticipated that that portion of the application will be lost during the proof process. The applicants still plan on building a house; therefore, they have included a domestic use on this application.
PLACE OF USE: Please refer to the proof map that was prepared for 18-733, a copy of which has been included with this application. The pivot area on the map covers more than the original 100 acres by approximately 17 acres. This application will cover those 17 acres plus the additional acreage owned by the

applicants. The applicants do plan on watering an additional 200 head of livestock. This application is not to be considered supplemental in nature to 18-733. The applicants are trying to put the property to its full potential use.
